

## Potting Mix Bulk

The Professional Choice for Lush, Healthy Plants

### About Potting Mix Bulk

Potting Mix Bulk is a high-quality blend formulated to support strong root development and long-lasting plant health. This mix provides optimal drainage, aeration, and essential nutrients, ensuring your plants thrive in any environment.

### Key Ingredients & Benefits (Per 1m<sup>3</sup>)

#### 90% Composted Bark Fine

- Enhances water retention and aeration
- Supports beneficial microbial activity
- Provides a lightweight and nutrient-rich growing medium

#### 10% Coarse Sand

- Improves drainage to prevent root rot
- Helps anchor plants securely
- Enhances soil structure for strong root growth

#### 1.6kg Agricultural Lime (Ag Lime) per cubic meter

- Helps balance soil pH
- Enhances nutrient availability
- Reduces soil acidity for optimal plant absorption

#### 1.6kg Ferrous (Iron) per cubic meter

- Promotes lush, deep green foliage
- Prevents iron deficiency (chlorosis) in plants
- Aids in enzyme function and energy transfer

## 0.05kg Urea per cubic meter

- Boosts nitrogen levels for vigorous leaf and stem growth
- Encourages vibrant, lush foliage
- Supports strong vegetative development

## 0.4kg Trace Elements per cubic meter

- Ensures plants receive essential micronutrients
- Supports overall plant health and resilience
- Aids in disease resistance and stress tolerance

## Why Choose Potting Mix Bulk?

Balanced Nutrients – Supports healthy plant growth from root to leaf.
  Optimal Drainage & Moisture Retention – Prevents waterlogging while maintaining moisture.
  pH Optimized – Carefully formulated to create an ideal growing environment.
  Versatile Use – Suitable for flowers, vegetables, shrubs, and indoor plants.
  Sustainable & Eco-Friendly – Made from natural, high-quality organic materials.

## Best Uses

- 🌱 Potted Plants & Hanging Baskets – Provides essential nutrients and structure for vibrant growth.
- 🌿 Garden Beds & Raised Planters – Improves soil quality and moisture retention.
- 🌸 Seedlings & Cuttings – Creates an ideal environment for early plant development.
- 🌳 Shrubs & Small Trees – Supports root establishment and long-term health.
